To whom it may concern:

We have had the pleasure of being associated with Rick Merante and A. R. Merante Corporation since June 2016. In that time, Rick has consistently proven his abilities. With his firm's impeccable accountability, communication and reporting, contracting with Rick has proven to be a very wise investment on our end.

I would recommend Rick in a heartbeat, and am so glad we gave him the opportunity to work for and with us.

Best regards,
