Letter of Reference

To Whom It May Concern:

It has been my pleasure to work with Rick Merante for 3 years at Contractors Cargo Company. Rick reported to me during the 3 years and demonstrated an ability to maintain and develop relationships with existing and new customers, organize labor, subcontractors and vendors. Rick always showed a Very strong focus on customer service and satisfaction.

As a small company Rick was asked to perform a variety of duties including Sales, estimating, writing proposals and safety. Rick has an excellent understanding of General construction, Piping, Rigging and ASME welding of boiler and power generation components. Rick has a tremendous amount of contacts in the Power generation, Oil & Gas and other industrial facilities.

Rick has been a Dependable, Honest, Reliable employee and someone that always demonstrated a high value of Integrity. In his 3 years at Contractors Cargo Co he never missed a day and I never even remember him being late. Rick was always a self-starter and always had a willingness to do whatever it took to accomplish an objective.

Due to the economic downturn it was unfortunate that we had to lay Rick off but I would certainly Recommend Rick Merante to others in this field as he would be an asset to any organization.

Sincerely,
Gerald D. Wheeler
